Welcome Note

by EUI's Acting President

“

In honoring the memory of Prof. Reem Bahgat, we remember a visionary leader whose dedication to education, innovation, and digital transformation laid the foundation of Egypt University of Informatics (EUI) for a brighter future. Her unwavering commitment and tireless efforts turned an idea into a one of the most specialized universities in Communications and Information Technology, now standing as a symbol of excellence, opportunity, and national pride. Her legacy at EUI will continue to inspire generations to come. Prof. Bahgat was not only the Founding President of EUI, but also the soul behind its mission, bridging global excellence with national ambition, empowering youth with knowledge, and positioning EUI as a beacon of technological progress in Egypt and beyond. She believed deeply in the transformative power of education and championed every effort to ensure that our students would become leaders and innovators in the digital era.

Her legacy inspires us to continue building the future she envisioned. She left an everlasting impact, not only as a distinguished academic and leader, but also as a deeply humane and compassionate person whose warmth touched everyone she worked with. Her vision was not just strategic, it was human-centered, inclusive, and forward-looking.

As we move forward, EUI stands more determined than ever to carry forward the torch she lit. The path she charted for digital innovation, academic excellence, and societal transformation will remain our guiding light. From groundbreaking research initiatives and international collaborations to pioneering educational programs and the continued empowerment of our students, we are committed to realizing the goals she so passionately pursued.

May this edition of our newsletter serve not only as a tribute to her enduring vision but also as a reaffirmation of our collective responsibility to uphold and advance her remarkable legacy. Her spirit lives on in every lecture delivered, every idea explored, and every future shaped within the walls of EUI.

With deep respect and unwavering commitment,

Prof. Ahmed Hamad
Acting President, Egypt University of Informatics
